

**Kristine M. Jacquin, Ph.D.**  
Associate Professor of Psychology  
Licensed Clinical Psychologist  
Abbreviated CV

***Education***

B.A. in psychology, Northwestern University (1991)

M.A. in psychology, University of Texas at Austin (1993)

Ph.D. in clinical psychology (specialty in neuropsychology), University of Texas at Austin (1997)

***Teaching Activities (current)***

Undergraduate courses taught at MSU:

- Psychology & law
- Forensic psychology
- Forensic research lab
- Abnormal psychology
- Biopsychology

Graduate courses taught at MSU:

- Behavior therapy
- Psychopharmacology
- Scientist-Practitioner Applications

Other teaching activities:

- Supervise undergraduate research
- Supervise graduate student research
- Supervise graduate student clinical work
- Provide information and guidance about psychology & law education and career options

***Research Activities (current)***

*General areas of interest:*

- Forensic psychology
- Risky behaviors (aggression, substance use & abuse, risky sex)
- Neuropsychology
- Personality disorders

*Current areas of inquiry:*

- Jury decision making – individual difference factors and trial-related factors that influence jury decisions in violent crime cases
- Provoked aggression – individual difference and social factors that influence when or whether people respond to provocation with aggression
- Criminal profiling – factors that influence profiling accuracy; methods for improving accuracy

- Risky behaviors – individual difference (e.g., beliefs) and familial variables (e.g., parental incarceration) associated with risky behaviors in young adults
- Neuropsychology & personality – the relationship between personality, problematic behaviors, and certain neuropsychological characteristics (e.g., memory and attention)
