LEADERSHIP EXPERIENCE

Director, MSU Behavioral Health — Mississippi State University, 2023–Present

- Founded and direct a HIPAA-covered, insurance-paneled behavioral health clinic serving Mississippi State University students and employees and community members of all ages, with a specialty in serious mental illness and high-acuity care (suicidality, personality disorders, trauma). The clinic is mission driven: grant-funded services are free to those who qualify, and a full range of commercial insurance and Medicaid is accepted for those who do not.
- Lead a ten-person professional staff (licensed clinicians, a licensed clinical supervisor and training lead, a clinic manager, youth and outreach coordinators, project coordinators, and a business coordinator), and am recruiting the clinic's first prescriber (psychiatric nurse practitioner) and nine additional grant-funded positions in 2026–2027.
- Serve as principal investigator, co-project director, evaluator, and administrative home for an active federal and state portfolio of nearly \$20 million delivered through the clinic, including SAMHSA SBIRT, Targeted Capacity Expansion, FR-CARA, National Child Traumatic Stress Initiative (Mississippi Youth Resilience Center), Healthy Transitions, Mental Health Awareness Training, Garrett Lee Smith Campus Suicide Prevention, and Project AWARE awards, Mississippi Opioid Settlement Fund support, and Mississippi Department of Mental Health pass-through awards, including a Garrett Lee Smith state youth suicide prevention sub-award.

- Operate the primary practicum training site for the MSU Clinical Psychology Ph.D. program and the Clinical Mental Health Counseling master's program (approximately nine doctoral practicum students per year); provide weekly clinical supervision for all clinical psychology practicum students.
- Direct the clinic's statewide training arm, which delivers suicide prevention, postvention, and mental health awareness training to more than 6,000 Mississippians each year in partnership with the Mississippi Department of Mental Health and has trained more than 1,000 first responders.

Director of Clinical Training, Clinical Psychology Ph.D. Program — Mississippi State University, 2014–2024

- Led the APA-accredited Clinical Psychology Ph.D. program for ten years, including the program's initial APA accreditation, with responsibility for admissions, curriculum, practicum and internship placement, student evaluation and remediation, and annual accreditation reporting.
- Continue to serve the discipline's training community as Treasurer and Board member of the Council of University Directors of Clinical Psychology (CUDCP) and as an APA site visitor and site-visit chair.
